Call (918) 331-3218 for an appointment.
Currently accepting patients

We are pleased you are considering being a patient at the University of Oklahoma Dental Hygiene Clinic, located at Tri County Technology Center.

The purpose of the clinic is to teach dental hygiene students the skills to practice dental hygiene in private offices and public clinics after their graduation and licensure.

Dental Hygiene Services & Fees

Screening

You will need to be screened to ensure that the dental hygiene services you need can be provided by the dental hygiene students.

There is no charge for the screening appointment (for a limited time period.)

The treatment provided by students is supervised by dental hygiene faculty and a licensed dentist.

Screening ....................... no charge
(for limited time period)

Cleaning the teeth to prevent disease

- Adult ...........................................$15.00
- Child ...........................................$8.00
- Fluoride ......................................$3.00

Prophylaxis

Treating the infection of supporting structures of the teeth

Scaling and Root Planing ..........$20.00
(Generally 2-4 appointments after the examination.)

X-rays (Radiographs) ...$2.00 – $20.00

Sealants (per tooth) .................$5.00

Call (918) 331-3218 for a screening appointment

Note: Other dental services such as restorations (fillings), extractions, crowns/bridges, dentures and partials are NOT provided in this clinic.

You will need to seek these services in a private dental office or public dental clinic.

We will accept cash or checks as payment.

Although the clinic does not accept insurance payments, a statement can be printed for you to submit to your insurance company.

We want you at our Dental Hygiene Clinic
